

FRUIT GARNISH

Wedges allow guests to add citrus juice if wanted

Wheels are another great visual & won't affect balance by adding juice

Zest adds aroma without adding juice

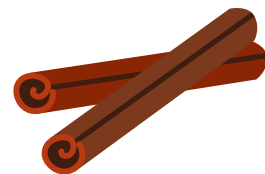

Brandied Cherries are great in cocktails with Cherry Flavors

HERBS AND SPICES

Use fresh herbs and “spank” them before adding to your drink

If possible, grate spices at the last moment to ensure freshness

Many common cocktail ingredients like amari, liquers and vermouths are made with herbs and spices - use their ingredients as garnish inspiration!
